## About Me

Hello! I'm Melany, a Front-end developer and UX/UI designer. I love merging both disciplines to breathe life into amazing projects. I'm always striving to surpass my own limits and learn something new every day. In my opinion, teamwork is the key as it enables us to share knowledge and enrich ourselves with others' experiences.

## Education

- Self-taught (always in continuous learning)
- Full-Stack Course (ongoing, expected completion by December 2023)
- UX/UI Design (Completed at Coderhause in September 2023)
- OpenBootcamp Certifications: HTML & CSS/JavaScript (2022)
- Completed secondary education

### ->Featured skills:

#### Front-end

- React.js
- Javascript
- Git

#### UI/UX Design

- User-Centered Design.
- Creation and validation of MVP through a research-based approach.
- Heuristic analysis.
- Wireframing and development of functional prototypes.

## ->Knowledge areas:

### Front-end:

- HTML5
- CSS3
- Sass
- Javascript
- ReactJs
- NextJs
- Git
- GitHub
- Tailwind
- Trello
- Node js (in progress)
- Express js (in progress)
- MySQL(in progress)

### UI/UX Design

- Figma
- FigJam
- Optimal Workshop

## ->Languages:

- Spanish(Native)
- English(Intermediate )

## Experience

### ->Front-end:

- Currently working on an E-commerce project for a business in Mar del Plata (full-stack team project for MDP Program).
- Portfolio update: Designed in Figma and created with Next.js. Personal Portfolio: Developed with React.js using i18n, react-router-dom, framer-motion, react-icons, Tailwind, and Getform. Implemented useStyles and componentization for cleaner and more organized code.
- Movie App
- Weather App
- Task List
- CRUD (Create, Read, Update, Delete) operations

### ->UI/UX Design:

- Personal Portfolio: Responsive design created with Figma.
- FlickFlow: A movie and series recommendation application that facilitates user search by displaying the platforms where they are available. Created using design thinking methodology.

## Personal Skills:

- Creativity
- Teamwork Ability
- Adaptability
- Empathy
- Positive Attitude

## Hobbies:

- I enjoy knitting while listening to music, chatting, or having mate.
- I relish a good book occasionally, accompanied by a cup of coffee or tea.
- I like engaging in daily physical activity.
- I listen to podcasts, with a preference for personal growth genres.
- I love spending time with friends and being outdoors (occasionally breathing in fresh air).
